

NETWORK INSTALLATION SOLUTIONS – FEEDBACK

Bert Webster – Telefonika O2 Plc – “NIS Ltd have been undertaking works on behalf of O2 in excess of five years carrying out data and fibre optic installations nationwide, including a 2 year IPI rollout programme to upgrade the existing switch sites across the UK and are close to completion of the new head office complex in Slough. NIS Ltd have always provided a high quality service, offering a very flexible approach to the O2 contract, often changing schedules at the last minute to accommodate our urgent requirements. NIS Ltd have proven time and again the full commitment and dedication they have to the contract, from project management through to everyday administration.”

Graham Powell – Knowsley Borough Council – “NIS Ltd were awarded sole supplier status of data, voice and minor electrical works in December 2007 after a rigorous selection process. Since the commencement of works specified under the contract the council have found NIS Ltd to be 100% committed to the contract. NIS Ltd have carried out numerous installations under the contract terms from 1 single CAT5E data point to a new 1500 point CAT6 installation designed by NIS Ltd and based upon their recommendations. To date, the council have been very pleased with the selection of NIS Ltd as a partner.”

Mike Noon – Glenburn Sports College – “We have trusted NIS to do lots of various jobs over the last 8 years. We don’t just use them for cabling they have planned and project managed whole ICT suite rip outs and re installs for us all the way up from flooring to ceiling. They have recently taken out our old and dated open learning centre and custom built new computer benching and completed a total refit for us this is now our schools flagship room. NIS has been a great company to work with they always do a 1st class job their engineers are all ways professional to deal with and leave the place nice and clean afterwards. Using NIS for the last 8years speaks for itself really if they where not up to the job we would not have stuck with them. Excellent work NIS we look forward to having you in this summer.”

Mike Morris – Wigan Council – “To whom it may concern, we have been using NIS for the last 5 years to provide voice and data connectivity across our council network. We have always found them to be professional, courteous, and very accommodating, the standard of work is always high and the engineers always clean up after themselves. They are also very competitive with their pricing structure”

Tony Duckers – Chester University – “To whom it may concern, I confirm that I have dealt with Network Installation Solutions Ltd for nearly a decade, during which time they have provided the University with excellent provision on projects of fibre backbone and data networking. Over the last few years, they have been our sole provider for cabling on our sites, also working with us on the provision of electronic security. I can confidently recommend Network Installation Solutions Ltd as a solid and reliable supplier, and experts in their field”
